Disclosure Search Tools

Ginnie Mae provides direct access to a wide range of disclosure information on MBS, HMBS and Platinum pools as well as REMIC information all from one place. Learn more about our search tools below.

Disclosure Data Search

The Ginnie Mae Disclosure Data Search tool allows users to search for a specific MBS (Single Family, Multifamily, Multi-class), HMBS, REMIC or Platinum security by CUSIP number or pool number. Users also have the ability to obtain lists of collateral pools for a REMIC or Platinum Pool. This advanced search can also be used to search across all Multiclass Securities (REMIC or Platinum or Both) for a given pool (Pool ID or CUSIP).

Multifamily Data Search

This database contains information about Ginnie Mae's Multifamily mortgage-backed securities at the security and loan level.

Disclosure Plus

Disclosure Plus allows users to filter through the Pool Security level disclosure data for the current reporting period. Users have the option to create their own custom query of the pool level data and have the ability to download the resulting dataset.
